Software engineer with experience in developing scalable and efficient solutions. Specialized in technologies such as NodeJS (Javascript), AWS, MongoDB and MySQL. I've worked with Software Development, System Architecture, Clean Code, Agile teams and solving complex problems. Passionate about creating innovative solutions and collaborating in cross-functional teams.

WORK EXPERIENCE

Software Engineer

Revelatio Studio | 08/2024 – 12/2024

I developed solutions for Serur Advogados. I built from scratch a WEB application with OCR for OAB consultation, as well as financial management tools integrated with Omie (ERP Management System).

Techs: NodeJS, Typescript, Jest, Docker, MongoDB, REST API, AWS (EC2, S3).

Software Engineer

Autônomo | 05/2024 – current

Full stack independent developer with NestJS, React, Flutter, Jest, MongoDB, SQL, Docker, AWS.

Software Engineer

Mobiis | 07/2023 – 01/2024

Backend leader in the development of web systems for price comparison between companies (B2B) in the retail sector, working directly with the Product Owner.

Techs: NodeJS, Typescript, Docker, SQL, REST API.

Software Engineer Trainee-Junior

Pitang Agile IT | 05/2022 - 04/2023

Member of the DirectvGO streaming platform squad in the user experience area, building new applications to impact millions of people around the world, especially in Latin America. I implemented a data streaming microservice with NodeJS, MongoDB, AWS MSK and Lambda. I was also part of the team for the Qatar World Cup.

Techs: NodeJS, Serverless Microservices, Docker, MongoDB, Mocha, AWS (SQS, SNS, Lambda, EC2 and CloudWatch), Jenkins (CD), Bitbucket (CI/Repo), Jira.

TECHNOLOGIES

- NodeJS (Javascript), Typescript, Java, Python
- React, Next.js
- MongoDB, PostgreSQL, AWS (EC2, Lambda, MSK, SQS, S3)
- Mocha, Jest, Docker, Clean Code, Microservices
- Git, Gitflow, Jira

EDUCATION

M.Sc in Computer Engineering

Universidade de Pernambuco • 08/2024 - Present

B.Sc in Computer Engineering

Universidade de Pernambuco • 09/2017 - 05/2023

B.Sc in Computer Engineering
